Product End of Life Announcement

LigoWave strives to deliver the ultimate user experience and impeccable product functionality. As technologies continue to progress, certain hardware and software become obsolete and eventually discontinued to make room for newer and more advanced technical equipment. With its solid expertise and know-how within the field, LigoWave will help you through this transition.

LigoWave hereby announces that it is initiating the end of life of the following product and provides relevant end of life dates:

Product	Description
LigoPTP 5-N PRO	A professional 5GHz wireless device with external antenna support for long-distance PTP scenarios.
