

LigoDLB 2-90

Product End of Life Announcement

LigoWave strives to deliver the ultimate user experience and impeccable product functionality. As technologies continue to progress, certain hardware and software become obsolete and eventually discontinued to make room for newer and more advanced technical equipment. With its solid expertise and know-how within the field, LigoWave will help you through this transition.

LigoWave hereby announces that it is initiating the end of life of the following product and provides relevant end of life dates:

Product	Description
LigoDLB 2-90	A 2.4Ghz base station with an 802.11n radio, MIMO 2x2 technology, and integrated high-gain dual-polarized 90° sector antenna.

End of Life Timeline

Announcement ¹	End of Sale ²	End of Software Maintenance ³	Last Date of Support ⁴
January 10, 2019	June 10, 2019	January 10, 2021	January 10, 2022

Alternative Products

LigoWave offers other fully supported products to replace the discontinued wireless device. You can find LigoDLB 2-90 alternatives below:

Image	Alternative	Description
